Electrical / Mechanical Assembler

Due to ongoing expansion and growth, Hillstone Loadbanks' are recruiting for **Electrical / Mechanical Assemblers** working in their UK production workshops.

Working hours are 8am-5pm Monday to Friday, the Hillstone factories are located near the centre of Bury, Greater Manchester.

Roles exist for both experienced **Electrical / Mechanical Assembler**, and those wishing to enter the industry without experience.

Hillstone would like to attract people who have an interest in developing a long term career with them.

As part of our production team, you will assemble electrical equipment to produce load banks and associated equipment. Your main duties will include:

- Connecting component parts to circuits using rivets, bolts and soldering equipment.
- Simple testing of assembled products
- Using multiple assembly tools to mount components onto panels
- Carrying out all necessary cleaning and tidying duties

To be successful in this role you'll need to :

- Be analytical and precise
- Take initiative
- Read and accurately interpret provided design & layouts
- Follow instructions to maintain standards and safety
- Have an interest in building or making things
- Maintain excellent attendance and performance

We can offer you:

- Pension
- Overtime available at 1.5 x rate
- Free On-Site parking
- 20 days holiday per year plus bank holidays
- Welfare Facilities are provided along with free refreshments
- Safe zonal Covid-19 working practices
- Extensive training and career progression

Location: Bury, Greater Manchester

Job Type: Full Time, Permanent 42.5 working hours per week

Salary: £20,475 per annum
